

# Milk Carton Townhouse

## FREE Papercraft Project

(C) Annie Lang [anniethingspossible.com](http://anniethingspossible.com)

1. Print the page on wite cardstock.
2. Mount the page on black cardstock.
3. Cut out the townhouse around edges.
4. Cut the top off a 1/2 gallon milk or juice carton to measure 7-8" tall.
5. Paint or cover the carton with plain paper or brown wrapping.
6. Attach the townhouse cutout to the side of the carton with glue.
7. Fill the carton with candy, gifts, plants, flowers, battery candle, etc.

*NOTE: To cover all sides of the carton, just print this design 4 times!*

**FREE Design for  
personal use ONLY  
NOT FOR RESALE**
